## ***REGULATION CAMPING VILLAGE ORRI 2021***

### ***Anti Covid-19 Standards***

- In order to access the Camping Village, it is necessary that the body temperature is not  $\geq 37.5^\circ$ , one of our staff members will be able to measure it on arrival. If the customer's temperature is higher than  $37.5^\circ$ , it will not be allowed to enter the campsite and the Management will be immediately informed. The data will be kept and used only and exclusively if requested by the competent health authorities.
- Throughout the structure there is a strict rule of respect for interpersonal distance (except for those belonging to the same family or people who in any case share the rooms for overnight stays) of at least one meter in all common areas. If it is not possible to respect the distance, the use of Personal Protective Equipment (PPE) is mandatory.
- Camping Village Orri will give its customers the possibility to buy PPE directly inside the structure, except for stocks.
- It is recommended, in order to avoid queues or delays in the check-in process, that the group leader sends the data and photocopies of the documents of all members of the booking team to [info@campingorri.it](mailto:info@campingorri.it). These data will be handled with the utmost accuracy and in compliance with current regulations.
- Employees are required to use the mask at all times, in the presence of customers and in any case in all circumstances in which it is not possible to guarantee the interpersonal distance of at least one metre.
- Every object provided in use by the structure to the guest, will be disinfected before and after each use.
- The toilets in common use will be rigorously sanitized through various cleaning interventions. In case of occupancy  $\geq 70\%$  of the pitches without toilets present in the structure (excluding mobile homes, bungalows, wooden houses), cleaning and disinfection will be carried out at least 3 times a day.
- The mobile means of accommodation of the guests (tents, caravans, campers) will be positioned in such a way as to ensure compliance with the distance between the various crews, in any case not less than 3 meters between the 2 entrances of the housing units, if frontal. The distance of at least 1.5 metres must be maintained even when using accessories or appliances (e.g. tables, chairs, sun loungers, deck chairs).
- The intervention of maintainers/employees in the apartments in the presence of the guests must be carried out in such a way as to guarantee a social distance of at least one metre.

## *Bar, Restaurant and Shop*

- A wide availability and accessibility of hand hygiene systems with hydro-alcoholic solutions in all common areas will be guaranteed.
- The tables will be arranged in such a way as to ensure that at least 1 metre of separation between customers is maintained, with the exception of persons who are not subject to interpersonal spacing according to current regulations. This last aspect relates to individual responsibility.
- All guests must wear the mask until they reach the assigned table.
- All guests are recommended to ask for the meal bill directly at the table.
- Consumption at the counter is only **permitted** if the interpersonal distance of at least 1 metre between customers is ensured, with the exception of persons who are not subject to interpersonal distance under the regulations in force. This last aspect relates to individual responsibility.
- At the end of each table service, all the usual surface cleaning and disinfection measures will be taken.
- Only a maximum number of people will be allowed to enter the Shop at a time. They will be indicated in the appropriate panel at the entrance. Access will be allowed only to guests who will wear the mask and who have disinfected their hands before handling the goods.

## *Pool Area*

- Attendees must strictly adhere to the instructions given to bathers by the assistant.
- Parents/guardians are recommended to take care to supervise the children for the respect of the spacing and the hygienic-behavioural rules compatible with their degree of autonomy and their age.
- Equipment such as sun loungers, deckchairs, parasols etc. will be disinfected at every change of person or household. Otherwise, disinfection will be guaranteed at the end of each shift.
- We remind you the usual rules of hygienic safety in swimming pool water: before entering the pool water provide an accurate soapy shower on the whole body; the use of a cap is mandatory; very small children should wear diapers. The density of crowding in the pool is calculated with an index of 7 square meters of water surface per person. For the solarium and green areas, a distance between the umbrellas must be ensured; between the equipment (sun beds, deck chairs), a distance of at least 1.5 m must be guaranteed.
- All clothing and personal items must be stowed inside the personal bag.
- Even in water, the interpersonal distance between people (except for those belonging to the same household or those who in any case share the rooms for overnight stays) of at least one metre must be respected.
- Respect all the rules written in the sign in the pool area.
